

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change. I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

CRITICAL SITUATION

Last Stage of Negotiations With Spain Have Been Reached.

CRISIS BELIEVED TO BE NEAR

Proposition Submitted by This Country Contemplates Cessation of Hostilities, Return of Reconcentrados to Their Homes and the Independence of Cuba—Denial by Long.

Washington, March 31.—The critical situation existing between this country and Spain, caused by the demands of the president that all negotiations must tend to the independence of Cuba and the ultimatum from Madrid that the Spanish government is, for the first time, considering the situation in that light, occasioned the greatest interest here, coupled with no little excitement, as word was passed about that the last stage in the negotiations with Spain was reached. Many representative men of congress called at the white house and conferred with the president. To the leaders in congress he stated that definite results were expected from Madrid by Friday. This served to allay the intense feeling which had been manifested in congress, and through the influence of the leaders further radical action by the senate and house was for the time being deferred.

SITUATION SHIFTED.

Believed the Crisis Will Come in a Short Time.

Washington, March 31.—The vital point on the Cuban situation, namely: independence, has shifted itself from Washington to Madrid where the Spanish government is now giving grave and earnest consideration to propositions presented by the government of the United States. On the answer to these propositions probably depends the future course of the relations between Spain and the United States. It is believed that it is now but a question of an exceedingly short time before the inevitable crisis must come.

The propositions submitted by this country contemplate a complete and immediate cessation of hostilities in Cuba, the return of the reconcentrados to their usual avocations, and the independence of Cuba, the last feature is to be secured probably on an indemnity basis by which the island would pay a substantial sum for its freedom from Spanish rule. It has been made perfectly clear to Spain that nothing less than a close of the war and the independence of the island will suffice as an adequate settlement. It is now for Spain to accept or reject these tenders.

Involves a Crisis in Spain. Never before now has the Spanish government even for a moment entertained such propositions. Now, in the stress of the present emergency, with the declarations of war introduced in the American congress, Spain has reluctantly consented to consider them. This in itself has given lively hope of satisfactory result. But it involves a grave crisis in Spain, and it cannot be foretold what the final action at Madrid will be.

Heretofore it was believed that Spain would indignantly reject a proposition involving the independence of Cuba, or American intervention, or the disappearance of the Spanish flag from the island, either through purchase by the Cubans or otherwise. There was the best of reason for the official belief that as between peace and war on these propositions, Spain would choose war, but more hope apparently is entertained here of Spain being in a yielding mood, as the American plans for solution are being carefully weighed with a view to a final decision. As stated, that answer is believed to be on a question of perhaps two or three days.

The most critical period in a woman's life may be properly called "Blossoming Time." It is the period when she blossoms from girlhood into womanhood. At this momentous time the best medicine for a woman to take is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate and important organs that are to bear the burdens of wifehood and motherhood. It makes them strong, healthy and vigorous. It corrects all irregularities and displacements and stops exhausting drains. Taken during the period of expectant maternity, it banishes the usual annoyances and makes baby's coming easy and almost painless. It insures the new-comer's health and an ample supply of nourishment. It transforms weak, sickly, nervous, complaining women into happy, healthy wives. Thousands of women have told over their own signatures, the story of the marvelous merits of this great medicine. An honest dealer will not try to persuade you to take something different from what you ask for, for the sake of a few pennies added profit.

The only constipation-cure that never causes discomfort—Dr. Pierce's Pleasant Pellets. At all medicine stores.

CONSUL GENERAL LEE.

He Has Been Warned Five Times of Plots Against His Life.

Havana, March 31.—Consul General Lee continues as cheerful as sunlight, despite the fact that he was warned last Sunday and Monday of five distinct plots against his life. Of course he does not give credence to such stories, and he is carefully guarded by the government, but continued warnings of this kind are not a pleasant mental diet. The last story was that he would be poisoned by a bribed employe of his hotel. To this, General Lee replied by asking the newspaper correspondents who sit near him at meal time, in case he is suddenly taken ill, first to shoot his waiter and then to run for a stomach pump.

Secrecy at War and Navy Department.

Washington, March 31.—The great secrecy prevails in many of the bureaus of the war and navy departments in regard to the various projects of defense and naval movements now going on and the officials in many cases positively refuse to make public steps that have been determined upon. Captain Cromwell of the bureau of navigation has issued explicit order forbidding subordinates to make public any information except on permission from himself.

Lee Has Not Resigned.

Washington, March 31.—Secretary Long is authority for the statement that there is no truth in the report published yesterday that Consul General Lee, dissatisfied with the president's Cuban policy, had cabled his resignation to the state department, at the same time requesting that he be relieved at once.

Americans Not Safe in Havana.

Key West, March 31.—There were 91 passengers from Havana by the Mascott last night, and among them about 50 Americans who say that Americans are not safe in Havana now.

FEELING AT HAVANA.

Word "Armistice" has a Quieting Effect in Business and Political Circles.

Havana, via Key West, Fla., March 30.—There has been much anxiety in political and business circles of Havana this week, but to-day there is a much quieter feeling. Without being able to give any good reason for their belief, many prominent men seem satisfied that peace is assured. The word "armistice" is repeated from lip to lip as if there were some magic within it to solve the problem of Cuban strife.

Those, however, who know General Maximo Gomez, General Calixto Garcia, General Bortholomeo Maso and the other insurgent leaders best say that all reckon without their host who believe these men will agree to an armistice, even if asked to do so by the United States unless it is plainly understood that the true is to be followed by a recognition of Cuba Libre.

It is argued that General Gomez, after holding out all through the dry season will decline to agree to a truce during the rainy months in which the insurgents would have the advantage. On all sides it is regarded as almost certain that if war does come it will not come until all possible plans of adjusting difficulties fail. A Spaniard of high influence while talking recently with Consul General Lee, said: "The Sagasta ministry will not be compelled to fight to insure self-protection. Sagasta could quiet Spain by proclaiming 'We have made Cuba an ash pile, a desert. It is no longer worth any outlay of blood or treasure. It is only fit for negroes and mixed bloods. Let it go.'"

Wild Scene in the House.

Washington, March 31.—A wild and uproarious scene occurred in the house of representatives yesterday when Mr. Bailey, the Democratic leader, attempted to force the hand of the Republicans upon a proposition to overrule the speaker and pass a resolution recognizing the independence of the Cuban republic. He was cheered on by the crowded galleries, but the members of the majority refused to support him. Many of them sympathized with the purpose of the resolution, but most of the radicals who were in favor of any sort of revolutionary methods had been won over to the policy of sticking to the party organization and refusing to do anything until the initiative came from their side.

Foraker's Position Indorsed.

Cleveland, March 31.—At a meeting of the American Republican club last night the Cuban question was discussed in a spirited manner. Resolutions were adopted indorsing in the fullest degree the position taken by Senator Joseph B. Foraker and his colleagues, Senators Proctor, Gallinger, Allen and Mason, in favor of Cuban liberty.

Artillery Harnessed.

Wheeling, W. Va., March 31.—The national government has placed an order with the Hoffmann tannery of this city for sides of leather sufficient to make 50,000 sets of heavy artillery harness. The order is to be filled at the earliest possible day.

GENERAL STRIKE ORDERED.

Eight Thousand Men Affected and Sixty Glass Factories Closed.

Pittsburg, March 31.—Trouble among the Windowglassworkers' associations have not all been settled. It is learned that as an indirect result of the Orestes (Ind.) factory trouble a strike of the flatteners has been ordered. The wage committee of the Flatteners' league has authorized President Coker to order a general strike. The order was sent out by telegraph and by tonight the flatteners in 60 factories throughout the country will have quit work. Eight thousand men will be affected unless President Burns of the American Windowglassworkers' association can offset, as he says he can, the strike by helping the manufacturers fill the strikers' places and having the blowers and gatherers work with nonunion men.

SPAIN CONSIDERING

Final Conference With Woodford to Be Held This Evening.

PROPOSALS MADE TO SPAIN

Minister Woodford Working Energetically For Peace—War Seems to Hinge on the Word "Immediately"—Second Spanish Torpedo Squadron Is Forming at Cadiz.

Madrid, March 31.—A cabinet council was held last evening to consider the American proposals. Another is being held this afternoon, presided over by the queen regent, and at 4 o'clock there will be a final conference between United States Minister Woodford, Senor Sagasta, the premier; Senor Gallon, the foreign minister, and Senor Moret, the minister for the colonies.

The proposition which Spain will answer covers two points only, and its publication will be a revelation to some of those abroad who have been denouncing America's aggressive attitude. It is as follows: (1) Spain to proclaim immediately an armistice in Cuba to last until October, during which interval the United States will use its good offices with the insurgents to make this temporary peace permanent; and, (2) Spain to do her best toward relieving suffering and starvation on the island, with America to be allowed to assist in this work.

FOR PEACE.

Minister Woodford Working Energetically to Prevent War.

Madrid, March 31.—While the situation here is outwardly of the calmest description, the actual position of affairs is regarded as critical by both the United States legation and the Spanish government.

The United States minister, General Stewart L. Woodford, is working energetically and will continue to work energetically for Spain's peace until the first gun is fired. It is known the Spanish government admits the desirability or necessity of complying with the demands of the United States and it is only in the disinclination of the ministers to put this willingness into concrete form that the danger lies. If a conference were to be held with British, German or French diplomats, the matter would be settled without question.

QUEEN REGENT OF SPAIN.

ability or necessity of complying with the demands of the United States and it is only in the disinclination of the ministers to put this willingness into concrete form that the danger lies. If a conference were to be held with British, German or French diplomats, the matter would be settled without question.

The point which General Woodford is now pressing is that in the interests of humanity hostilities in Cuba must cease immediately. No date was fixed either in the first or in the present note, but the United States is now dwelling upon the meaning of the word "immediately" and insisting that Spain accept its general interpretation. The public generally is taking little apparent interest in the situation, but there is a general disinclination to believe that war is likely.

Second Torpedo Squadron.

El Pais says four war ships have been obtained by Spain in France and that negotiations are pending for the purchase of several torpedo boats in Great Britain; that orders have been issued to mobilize all the Spanish warships and the torpedo boat Halcon is to sail immediately from Cartagena for Cadiz, where a second torpedo squadron is being prepared.

Military engineers according to El Pais are starting for the Canary islands and the Balearic islands are being fortified. The same paper says Italy has decided to sell the armored cruiser Giuseppe Garibaldi of 6,840 tons and well armored, a sister ship of the Varese to Spain and that two regiments are going to the Canary islands to strengthen the Spanish garrison there.

The Armstrong's Spanish agent, a Spaniard, who is in touch with the government and commercial people in Spain, has expressed the belief that unless the powers intercede there will be war. He added: "If the United States offered money for our clearing out of Cuba we could not accept, but if the proposition emanated from another power it is not unlikely that it would be accepted."

This view of the case is echoed by a portion of the Spanish press, which advises Spain to wash her hands of Cuba. Senor Ortiz de Sarato, a prominent former Carlist deputy, who has just been defeated at Vittoria, expresses the opinion that there would be no war, saying: "We have neither ships, soldiers, nor money, and the government knows it. It will struggle to the last and then cave in."

Senor Sarato, who was recently at Cadiz, says the Spanish warships Pelayo and Carlos V, which the government announced ready for sea, cannot possibly be made ready sooner than in two months.

NITROGLYCERIN EXPLOSION.

Over Fifteen Hundred Quarts Exploded Near Findlay, O.

Findlay, O., March 31.—Two magazines, containing over 1,500 quarts of nitroglycerin, located about five miles from this city, exploded from some unknown cause. The terrible force of the explosion was felt for miles around, and in this city residents thought it was an earthquake and great excitement prevailed. At the scene of the explosion all that was left to tell the story was a large hole in the ground 35 feet deep. Much damage was done to farmhouses in the vicinity. So far as known no one was hurt. The magazines belonged to the Bradford Glyocerin company.

RELEASED FROM ARREST.

Colonel Marcus Kavanaugh Restored to His Command.

Chicago, March 30.—Colonel Marcus Kavanaugh who was removed as commanding officer of the seventh I. N. G. by Governor John B. Tanner and placed under military arrest for parading on St. Patrick's day with organizations, not having the permission of Governor Tanner, was today reinstated. The order reinstating Colonel Kavanaugh is signed by Adjutant General Reece. It gives no explanation of the reinstatement, merely directing that Colonel Kavanaugh be released from arrest and that he resume his command.

OHIO LEGISLATURE.

Statehouse Improvement Bill Defeated in the House.

Columbus, March 31.—The house of representatives has defeated the statehouse improvement bill by a vote of 47 to 32. It was the memorial feature of the law which caused its death. It sought to make an appropriation of \$400,000, made by the last general assembly, available for the erection of a separate state building for minor state departments and the supreme court.

Senator Crandall has introduced a bill making it unlawful to sell intoxicants on the national Decoration day.

ATTENDED A REVIVAL.

Two Declared Insane and Two on the Verge of Insanity.

Hodgenville, Ky., March 31.—As a result of a series of sanctification meetings held recently in one of the rural churches of this county, William Cessna and Charles Friend are insane, and were so declared by the court and ordered sent to the asylum. Two other persons are said to be bordering on insanity, and it is very likely that they, too, will be adjudged insane. The meeting was conducted by a man and a woman, and for several weeks they kept the community in a fever of excitement.

Pensions Granted.

Washington, March 31.—Pensions have been granted the following Indians: Original—Emmett H. Waller, Madison, \$6; Terrance F. Burns, National Military home, \$6. Additional—William Duncan, Johnsonville, \$6 to \$10; Restoration and Reissue—John W. Krebsbach (deceased) New Albany, \$12; Increase—Andrew J. Whitlock, Lanes, \$6 to \$8; Reissue—John Johnson \$17; Original Widows, etc.—Margaret Matt, Seymour, \$12; Rosana Catlin, Brownell, \$8; Margaretta Krebsbach, New Albany, \$8; Priscilla Sedgley, Columbia City, \$8.

License Revoked in Illinois.

Springfield, Ill., March 31.—The superintendent of insurance has revoked the license of the Lincoln Fire Insurance company of New York. The grounds for refusal are that the company has failed to comply with the requirements imposed by the state laws, in that it has not made a sworn statement to the insurance superintendent for the year ending Dec. 31, 1897. The company also has failed to specify in the statement rendered by it the stocks and bonds owned, with the amount, par value and market value of each kind, constituting a large part of the assets.

Mysterious Deaths.

Fulton, Ky., March 31.—John Dalinke, the 5-year-old son of Conrad Dalinke, a business man of this place, became suddenly ill and died yesterday. Shortly after his younger brother, Wayne, aged 3, was taken ill and died as suddenly as John did. Physicians do not know the cause.

Fanny Davenport's Illness.

Chicago, March 31.—Fanny Davenport, the actress, reached the crisis in her illness at noon yesterday and at once began to improve. Her physicians now believe she will soon be able to book a short season of four or five weeks.

BIG WAREHOUSE FIRE

Several Firemen Overcome at an Evansville Conflagration.

TOWN OVERRUN BY THIEVES.

Mysterious Assault on a Stock Buyer Near Taswell—Bucketshop Closed. Fatal Result of a Fight—Two Permanent Injuries—Effect of High Water on the Wheat.

Evansville, Ind., March 31.—The large warehouse of A. Goeke & Sons was destroyed by fire last night. It was filled with hay, corn, wheat, bran, potatoes, etc. Their large grain elevator adjoining and filled with oats was badly damaged by smoke and water. Several firemen were overcome by smoke and two others were badly injured by falls. Loss on building and contents probably \$30,000.

MYSTERIOUS ASSAULT.

Young Stock Buyer Found Unconscious and Bathed in Blood.

Taswell, Ind., March 31.—The riderless horse of Henry Thomas, a stock buyer near here, appeared at his home. Immediately a search was begun for the missing man. Thomas was found on the roadside nearly dead, bathed in blood which was flowing from a cut in his neck. When sufficiently recovered to talk he refused to speak of his wounds, further than to say he would consult his lawyer. Robbery could not have been the motive, as a gold watch and \$400 in money were found on the unconscious man. The affair is a mystery.

ENDS IN MURDER.

Fatal Result of a Fight Between Three Young Men.

Huntington, Ind., March 31.—Martin Jordan, the young man injured in a fight with Thomas Crow and Noah Herzog a few days ago, is dead. Jordan was struck behind the right ear and was unconscious from the time of the fight until a few hours before his death. Mrs. Crow, mother of Thomas Crow, is prostrated by her son's death, and is not expected to recover.

Late Hannah Davis Will.

Richmond, Ind., March 31.—The will of the late Mrs. Hannah E. Davis, who died at Grand Forks, N. D., was made public here yesterday. She left the proceeds of the sale of 80 acres of land to the Spiceland academy. To the Lowell Polytechnic Institute, of Lowell, Kas., she gives \$500, and the residue of the estate goes to the Michigan Humane Society.

Glassworkers Strike at Hartford City.

Hartford City, Ind., March 31.—The flatteners in the window glass factory here received letters from headquarters at Pittsburg yesterday to go out. As a result of the shutdown 600 men are thrown out of work, unless President Burns, of the blowers' and gatherers' combination, can supply places from his union.

High Water and the Wheat Crop.

Mitchell, Ind., March 31.—Thousands of acres of wheat have been killed by the high water in White river bottoms. The damage in this respect is much greater than that of last spring's flood. This is due to the fact that the water has stood on the fields for 10 days, and is falling slowly.

Myers Receives the Appointment.

Indianapolis, March 31.—Governor Mount has appointed David A. Myers of Greensburg as judge of the Eighth circuit, composed of Deatur and Rush counties. A delegation from Greensburg, 40 or more strong, called upon the governor and urged the appointment.

Salt Water Instead of Oil.

Rochester, Ind., March 31.—The Rochester oil company employed B. F. Fulton, the oil and gas wizard of Portland, to locate a well a short distance south of this city. He guaranteed a good well or no pay. Yesterday the well filled with salt water.

Two Permanent Injunctions.

Indianapolis, March 31.—Next Saturday the state will get two permanent injunctions against the two large oil companies that have been wasting natural gas in Delaware and Madison counties. The companies will appeal to the supreme court of the United States.

Rev. Dr. W. P. Kane.

Warsaw, Ind., March 31.—Rev. Dr. W. P. Kane, a trustee of Wabash College has resigned the pastorate of the First Presbyterian church of Bloomington, Ind. It is said that he will have charge of the Winona Assembly, and will devote his entire time to forwarding the interest of that institution.

Bucketshop Closed.

Rochester, Ind., March 31.—The last of the Chicago bucketshops, which opened in this part of the state during the wheat flurry, has closed its doors. Rochester citizens lost over \$2,000 in the past few weeks.

Indiana Postmasters.

Washington, March 31.—Indiana postmasters have been appointed as follows: Alamo, Linn Smith; Farnsworth, A. B. Ladson; Organ Spring, Henry W. Roberts.

Editor Monroe Seriously Ill.

Seymour, Ind., March 31.—Dr. V. H. Monroe, editor of The Journal of this city is very ill at his home with typhoid pneumonia.

Well Known Odd Fellow Dead.

Farmstead, Ind., March 31.—Fernal Davidson, 64 years old, a well known odd fellow and member of the G. A. R., is dead.

Royal makes the food pure, wholesome and delicious.

RAGING OHIO.

Disastrous Floods Expected at Cincinnati from Headwaters. Cincinnati, March 31.—The prospect for a higher stage here in the Ohio river is now almost an appalling certainty. The river began rising at Catlettsburg yesterday. An unusually heavy rain exceeding two inches at several places at the headwaters of the Monongahela have run that stream up suddenly so that a rise of seven feet is recorded at Pittsburg and a stage of 20 feet is expected. To add to the danger here where the river is over 55 feet, there has also been a rise of 6.1 feet at Charleston, W. Va., in the Kanawha. With heavy rises from New and Elk river meeting the Monongahela flood it is difficult to see how a disastrous flood can fail to reach Cincinnati within a week.

On the Wabash.

Princeton, Ind., March 31.—The water continues to rise in Wabash and White rivers. The Louisville, Evansville and St. Louis railroad will lose at least three miles of track. The road will apparently not be able to run trains for a week. The Evansville and Terre Haute only run to points south of Vincennes. The Baltimore and Ohio Southwestern is almost completely shut out.

BREEDERS AND DEALERS.

Horsemen Organize a National Association at Chicago.

Chicago, March 31.—Horsemen from all parts of the country met at the Palmer House yesterday and organized the National Horse Breeders' and Dealers' Exhibition association. The purpose of the new organization will be to develop the draft and coach horse breeding interests of the country and bring in closer touch with each other the breeders and dealers of the United States.

Weather.

Indiana and Ohio—Fair.

Hasty judgment of the actions of others is dangerous and often unjust. We measure too much by some superficial appearance and condemn hastily, when, if we but knew and understood the motives and reasons, we would warmly approve. We sometimes say of some one, "That pain, sorrow or loss has not deeply affected him." But we do not know. It is like the death of a few of the soldiers in front of a regiment. The broken ranks close up again into the solid phalanx, and the loss is not apparent. There may be no disorganization, no surrender, no craving for pity, no display of despair. It is like the calm, dazzling play of the waves warmed by the morning's sun after a night of storm and disaster. There is no sign of the wreck. The tide has carried the debris away far out on the ocean; the treacherous water has swallowed all signs and tokens of the night's awful work. We see only the fairness of the morning, not the suffering of the night. Let us be charitable in our judgment and condemn not when we do not know. —William George Jordan in Ladies' Home Journal

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called cabinetettes) at \$2.00 to \$2.50 per dozen and guaranteed them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printout paper, and tone in the same kind of gold and artist platinum baths. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet glass cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

MARRIED.

Dr. L. M. Mains, Jr., and Miss Etta Hall were united in marriage at 5 o'clock Wednesday evening March 30 1898, at the home of the bride's father Joseph Hall, of Azalia, Rev Willis Bond of the Friends church officiating. The bride wore white liberty silk over white satin, her only ornament being a diamond and pearl brooch, a present from the groom. She carried white carnations and bride's roses. The groom is a son of Dr. L. M. Mains, Sr., with whom he is associated in the dental business and by a thorough education in that profession and close attention to business has placed him in the front rank with the best young dentists of the country. The bride is one of the most popular young ladies of Azalia and she is held in high esteem by all. After the ceremony, supper was served after which the bride and groom came to Seymour where they will make their future home. They will be at home to their many friends on and after Monday April 4, 1898.

Latest Styles.

Mrs. N. E. Young has just returned from Cincinnati where she has been investigating the latest styles and purchasing some of the finest millinery goods experience and money can obtain.

She has been to Indianapolis and Louisville also and has culled from the newest designs most beautifying effects in the blending of colors, matching ribbons, flowers, etc. and getting latest styles patronized in those three cities. She has been in search of one of the best trimmers that money could hire, and has found one in Cincinnati. She says that her trimmer is first class in every respect, having had large and long experience in trimming in the most fashionable circles in Cincinnati.

Mrs. Young will have her millinery opening the latter part of next week. Watch the columns of the REPUBLICAN for notice.

THE SOUTHERN INDIANA.

Improved Train Service to Be Put on Next Monday.

Next Monday the Southern Indiana road will begin to run trains through to Greensburg. This plan has long talked of and our citizens will be glad to know that it is now to be put in operation. The conductors have been examined by the Big Four company and passed the examination successfully for service on their tracks, and they have moved their families to Greensburg. The service will begin next Monday with trains running from Greensburg through to Elmore and return. It is probable that at the same time a train will be put on between Washington and Seymour, leaving Washington in the morning, arriving here in the forenoon and returning afternoon. These will be quite important additions to the train service of this road. Other improvements are being considered which will make the line yet more important as a line for travel and shipping.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Series "N."

The Co-operative Building and Loan Association will start a series "N" of its stock next Monday night at its office in the Opera House block. The modern methods of conducting real estate operations have made it possible for every man to own his own home with a very little outlay of cash to start with. By taking stock in some reliable building association such as the Co-operative, he can borrow the money and by easy payments that amount to very little more than the rent he would otherwise pay, he can pay the principal of the loan and at the end of a not very long term of years he has his home fully paid for. The Co-operative has already shown its ability to handle carefully all the money invested with it and has already enabled many of our citizens to become property holders. It offers the same opportunity to you if you are not already owning property or if you wish to own more than at present. See W. F. Peter, secretary, at once and secure stock in series "N."

Rural Mail Delivery.

The free rural mail delivery in Hawcreek township, Bartholomew county which was to have been discontinued on April 1st will continue. The farmers who have become accustomed to having their mail brought to their doors every day protested vigorously against the proposed withdrawal of the free delivery and the department revoked the order. When the system was adopted eighteen months ago less than a half dozen farmers in the township were taking daily paper; now there are about 125 who are taking a daily paper.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh. Edgar, Germantown, Cal. For sale by C. W. Milhouse.

The announcement that Anthony Hope's novel, "Rupert of Hentzau," now running in McClure's Magazine, is soon to appear in book form is an error. It can not so appear until it has concluded in McClure's, and this will not be until midsummer at least. In its serial publication, the story is now at its most absorbing stage. For a second time, the hero of "The Prisoner of Zenda," Rudolf Rassendyll, finds himself forced to impersonate Rudolf the King of Ruritania, whom he so closely resembles, and he and his friends are at the utmost extremity in their devoted efforts to Queen Flavia from her difficulties. For the comfort of persons who may have failed to read the preceding chapters, a full summary of them is published with each instalment, and thus it is possible to begin the story understandingly at any point.

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about 10 cents per bottle.

RAILROAD RUMELINGS

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's drug store.

THE DREADED CONSUMPTION

T. A. Slocum, M. C., the Great Chemist and Scientist, Will send Free, to the Afflicted, Three 10-cent Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., of 183 Pearl St., New York City. Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of the SEYMOUR REPUBLICAN who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt.

There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured, in all parts of the world.

Don't delay until it is too late. Address T. A. Slocum, M. C., 183 Pearl St., New York, and when writing the Doctor, please give express and post-office address, and mention reading this article in the SEYMOUR REPUBLICAN.

And Once She Rallied at Clubs.

She sighed deeply as she picked up her engagement book and began idly turning over the leaves.

"I'm utterly worn out," she said, "and tomorrow afternoon our Cinch club meets too."

"Better resign," he returned.

"Oh, I couldn't do that if I want to be in the swim," she protested. "Besides I enjoy the Cinch club more than I do the Whist club, and if I felt that I could resign from anything I would leave that—or the Shakespeare club. I do get awfully tired of Shakespeare sometimes."

"I should think you would," he answered.

"The Physical Culture club wearied me at times too," she added. "I think it calls for a little too much exertion from one who has so much else to do, but it's all the rage now. Then there's the Cooking club, and the Literary club, and the Political Science club, and the Bicycle club, and the Dress Reform club, and the Dancing club, and the two charity associations, and the gymnasium class, and the Debating club, and the Sewing society. I'm beginning to think there are too many."

"On the contrary," he replied thoughtfully, "I think you need more, and I would suggest a hickory club."

She didn't speak to him for half a day, but it is a matter of record that she resigned from several clubs—Chicago Post.

Tired people are tired because they have exhausted their strength. The only way for them to get strong is to eat proper food.

But eating is not all. Strength comes from food after digestion. Digestion is made easy with Shaker Digestive Cordial.

People who get too tired, die. Life is strength. Food is the maker of strength. Food is not food until it is digested.

Tired, pale, thin, exhausted, sick sufferers from indigestion, can be cured by the use of Shaker Digestive Cordial.

It will revive their spent energies, refresh and invigorate them, create new courage, endurance and strength, all by helping their stomachs to digest their food.

It aids nature, and this is the best of it. It gives immediate relief and, with perseverance, permanently cures.

Little Bessie had been taken in to see her new baby brother for the first time.

"Do you think you will like him, Bessie?" asked her father.

"Why, yes," she said, clapping her hands delightedly. "There isn't any savdust about him at all, is there? He's a real meat baby."—Pick Me Up.

The simplest public railroad now operated is thought to be one between Atami and Odawara, in Japan. It is a narrow gauge road and is run by man power. The cars have seats for four persons each, who sit back to back. A train consists of two or three cars and is drawn up hill by half a dozen coolies.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at W. F. Peter's drug store.

ATHLETE AND SCULPTOR.

A Tale of James E. Kelly's Powers, as Related by a Friend.

Although he is not large physically, several good stories are told about the prowess of James E. Kelly, the sculptor whose bronze statues of Molly Pitcher, General Buford at Gettysburg, "The Battle of Harlem Heights" and "Sheridan's Ride" have brought him fame. A friend of his said of him:

"He has more courage to the square inch than any man of his size I know, and on several occasions he has been called upon to show it unexpectedly."

"One day an expressman, six feet high and strong in proportion, invaded his studio. The expressman had overcharged the sculptor, and the latter desired to refer the matter to the main office. When the irate expressman entered, it happened that a tall friend of the artist was visiting the studio. With an oath the expressman said that he had come for satisfaction."

"I intend to smash you to smithereens," he ejaculated, shaking his fist and advancing toward the sculptor.

"Do not wait a moment," answered Kelly.

"The big man sprang at the artist, and at this critical moment the tall form of the latter's friend vanished through the back door. Quick as a flash the sculptor jumped behind the enraged expressman, seized him by the back of the neck, and with all the strength he could summon pushed the burly fellow to the front door and kicked him into the street. It was all done so quickly that the bellicose intruder hardly knew how it happened. He fell on the sidewalk, and his face was bruised. He got up and ran away. The sculptor returned to his work, and after a few minutes his vanishing friend entered timidly from the rear."

"What have you done with that Goliath?" he asked. "You know I have heart trouble and cannot stand scenes, and so I went out to keep calm."

"Oh, there was no scene," replied the sculptor. "It was an act in three kicks and a push." His heart trouble friend to this day thinks the sculptor is a piece of surcharged dynamite."—New York Commercial.

Highest at Gibraltar and Lowest on the Island of Malta.

No place on the surface of the globe is so high as at Gibraltar, the reason being that the geographical position of the town precludes the possibility of its being extended in any direction. A long, narrow strip of what was once seaboard is alone available for building purposes. All the rest is precipitous rock.

Upon this narrow parapet, in some cases less than 100 yards in width, are crowded the homes of 25,000 people. As much as \$10 a week is asked and obtained for the use of one small room, and this, too, in a place where the normal rate of wages is quite 10 per cent less than in America. Naturally the overcrowding is fearful, and the water supply being scarce and intermittent, cleanliness of living as we understand it is almost impossible.

No wonder that in the old days the plague and the cholera ravaged the "rock" with a virulence unknown in the filthy and pestilential cities of the far east.

In Malta, on the other hand, house rent is ridiculously cheap. Anywhere outside of Valetta an excellent seven room house can be had for \$15 a year, while rates and taxes are unknown. The houses are built entirely of the cream colored stone of which the island is composed, and which is so soft that it can be cut with a saw into blocks or slabs of any desired size or shape. So while the Maltese builder is digging up his foundation he is at the same time getting out the material for his walls, his flooring and his roof.—Philadelphia Inquirer.

Love.

"Treddie's an awful fool, ain't he?" "He's in love, you know."

"What has that to do with his being a fool?"

"Don't you know the definition of love? Two souls with but a single thought, and two hearts that beat as one."

"That allows Treddie just half a thought, you see."—New York Sun.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other disease—CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two cent stamps to cover cost of postage on the bottle. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its punctuality of this offer.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by C. W. Milhouse.

Geo. B. Secora, the well known contractor of Towanda, N. Y., says: "I have used Chamberlain's Cough Remedy in my family for a long time and have found it superior to any other." For sale by C. W. Milhouse.

Suffered 20 Years.

MR. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

CRITICAL SITUATION

Last Stage of Negotiations With Spain Have Been Reached.

CRISIS BELIEVED TO BE NEAR

Proposition Submitted by This Country Contemplates Cessation of Hostilities, Return of Reconcentrados to Their Homes and the Independence of Cuba—Denial by Long.

Washington, March 31.—The critical situation existing between this country and Spain, caused by the demands of the president that all negotiations must tend to the independence of Cuba and the ultimatum from Madrid that the Spanish government is, for the first time, considering the situation in that light, occasioned the greatest interest here, coupled with no little excitement, as word was passed about that the last stage in the negotiations with Spain was reached. Many representative men of congress called at the white house and conferred with the president. To the leaders in congress he stated that definite results were expected from Madrid by Friday. This served to allay the intense feeling which had been manifested in congress, and through the influence of the leaders further radical action by the senate and house was for the time being deferred.

SITUATION SHIFTED.
Believed the Crisis Will Come in a Short Time.

Washington, March 31.—The vital point on the Cuban situation, namely: independence, has shifted itself from Washington to Madrid where the Spanish government is now giving grave and earnest consideration to propositions presented by the government of the United States. On the answer to these propositions probably depends the future course of the relations between Spain and the United States. It is believed that it is now but a question of an exceedingly short time before the inevitable crisis must come.

The propositions submitted by this country contemplate a complete and immediate cessation of hostilities in Cuba, the return of the reconcentrados to their usual avocations, and the independence of Cuba, the last feature is to be secured probably on an indemnity basis by which the island would pay a substantial sum for its freedom from Spanish rule. It has been made perfectly clear to Spain that nothing less than close of the war and the independence of the island will suffice as an adequate settlement. It is now for Spain to accept or reject these tenders.

Never before until now has the Spanish government even for a moment entertained such propositions. Now, in the stress of the present emergency, with the declarations of war introduced in the American congress, Spain has reluctantly consented to consider them. This in itself has given lively hope of satisfactory result. But it involves a grave crisis in Spain, and it cannot be foretold what the final action at Madrid will be.

Heretofore it was believed that Spain would indignantly reject a proposition involving the independence of Cuba, or American intervention, or the disappearance of the Spanish flag from the island, either through purchase by the Cubans or otherwise. There was the best of reason for the official belief that, as between peace and war on these propositions, Spain would choose war, but more hope apparently is entertained here of Spain being in a yielding mood, as the American plans for solution are being carefully weighed with a view to a final decision. As stated, that answer is believed to be on '7 a question of perhaps two or three days.

The most critical period in a woman's life may be properly called "Blossoming Time." It is the period when she blossoms from girlhood into womanhood. At this momentous time the best medicine for a woman to take is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate and important organs that bear the burdens of wifehood and motherhood. It makes them strong, healthy and vigorous. It corrects all irregularities and displacements and stops exhausting drains. Taken during the period of expectant maternity, it banishes the usual annoyances and makes baby's coming easy and almost painless. It insures the new-comer's health and an ample supply of nourishment. It transforms weak, sickly, nervous, complaining women into happy, healthy wives. Thousands of women have told over their own signatures, the story of the marvelous merits of this great medicine. An honest dealer will not try to persuade you to take something different from what you ask for, for the sake of a few pennies added profit.

Mrs. Anna Ulrich, of Elm Creek, Buffalo Co., Neb., writes: "I was under doctors' care for two years with uterine disease. I was so weak that I could sit up in bed only a few moments. I commenced taking Dr. Pierce's Favorite Prescription and when I had taken one-half dozen bottles I was up and going wherever I pleased, and have been very strong ever since—that was two years and a half ago."

The only constipation-cure that never causes discomfort—Dr. Pierce's Pleasant Pellets. At all medicine stores.

CONSUL GENERAL LEE.

He Has Been Warned Five Times of Plots Against His Life.

Havana, March 31.—Consul General Lee continues as cheerful as sunlight, despite the fact that he was warned last Sunday and Monday of five distinct plots against his life. Of course he does not give credence to such stories, and he is carefully guarded by the government, but continued warnings of this kind are not a pleasant mental diet. The last story was that he would be poisoned by a bribed employe of his hotel. To this, General Lee replied by asking the newspaper correspondents who sit near him at meal time, in case he is suddenly taken ill, first to shoot his waiter and then to run for a stomach pump.

Secrecy at War and Navy Department.
Washington, March 31.—The great secrecy prevails in many of the bureaus of the war and navy departments in regard to the various projects of defense and naval movements now going on and the officials in many cases positively refuse to make public statements that have been determined upon. Captain Crowmshiel of the bureau of navigation has issued explicit order forbidding subordinates to make public any information except on permission from himself.

Lee Has Not Resigned.
Washington, March 31.—Secretary Long is authority for the statement that there is no truth in the report published yesterday that Consul General Lee, dissatisfied with the president's Cuban policy, had cabled his resignation to the state department, at the same time requesting that he be relieved at once.

Americans Not Safe in Havana.
Key West, March 31.—There were 91 passengers from Havana by the Mascotta last night, and among them about 50 Americans who say the Americans are not safe in Havana now.

FEELING AT HAVANA.

Word "Armistice" has a Quieting Effect on Business and Political Circles.

Havana, via Key West, Fla., March 30.—There has been much anxiety in political and business circles of Havana this week, but to-day there is a much quieter feeling. Without being able to give any good reason for their belief, many prominent men seem satisfied that peace is assured. The word "armistice" is repeated from lip to lip as if there were some magic within it to solve the problem of Cuban strife. Those, however, who know General Maximo Gomez, General Calixto Garcia, General Bortholomeo Maso and the other insurgent leaders best say that all reckon without their host who believe these men will agree to an armistice, even if asked to do so by the United States unless it is plainly understood that the truce is to be followed by a recognition of Cuba Libre.

It is argued that General Gomez, after holding out all through the dry season will decline to agree to a truce during the rainy months in which the insurgents would have the advantage. On all sides it is regarded as almost certain that if war does come it will not come until all possible plans of adjusting difficulties fail. A Spaniard of high influence while talking recently with Consul General Lee, said: "The Sagasta ministry will not be compelled to fight to insure self-protection. Sagasta could quiet Spain by proclaiming 'We have made Cuba an ash pile, a desert. It is no longer worth any outlay of blood or treasure. It is only fit for negroes and mixed bloods. Let it go.'"

Wild Scene in the House.

Washington, March 31.—A wild and uproarious scene occurred in the house of representatives yesterday when Mr. Bailey, the Democratic leader, attempted to force the hand of the Republicans upon a proposition to overrule the speaker and pass a resolution recognizing the independence of the Cuban republic. He was cheered on by the crowded galleries, but the members of the majority refused to support him. Many of them sympathized with the purpose of the resolution, but most of the radicals who were in favor of any sort of revolutionary methods had been won over to the policy of sticking to the party organization and refusing to do anything until the initiative came from their side.

Foraker's Position Indorsed.

Cleveland, March 31.—At a meeting of the American Republican club last night the Cuban question was discussed in a spirited manner. Resolutions were adopted indorsing in the fullest degree the position taken by Senator Joseph B. Foraker and his colleagues, Senators Proctor, Gallinger, Allen and Mason, in favor of Cuban liberty.

Artillery Harness.

Wheeling, W. Va., March 31.—The national government has placed an order with the Hoffman tannery of this city for sides of leather sufficient to make 50,000 sets of heavy artillery harness. The order is to be filled at the earliest possible date.

GENERAL STRIKE ORDERED.

Eight Thousand Men Affected and Sixty Glass Factories Closed.
Pittsburg, March 31.—Trouble among the Windowglassworkers' associations have not all been settled. It is learned that as an indirect result of the Orestes (Ind.) factory trouble a strike of the flatners has been ordered. The wage committee of the Flatners' league has authorized President Cake to order a general strike. The order was sent out by telegraph and by tonight the flatners in 60 factories throughout the country will have quit work. Eight thousand men will be affected unless President Burns of the American Windowglassworkers' association can offset, as he says he can, the strike by helping the manufacturers fill the strikers' places and having the blowers and gatherers work with nonunion men.

SPAIN CONSIDERING

Final Conference With Woodford to Be Held This Evening.

PROPOSALS MADE TO SPAIN

Minister Woodford Working Energetically For Peace—War Seems to Hinge on the Word "Immediately"—Second Spanish Torpedo Squadron is Forming at Cadiz.

Madrid, March 31.—A cabinet council was held last evening to consider the American proposals. Another is being held this afternoon, presided over by the queen regent, and at 4 o'clock there will be a final conference between United States Minister Woodford, Senor Sagasta, the premier; Senor Gallon, the foreign minister, and Senor Moret, the minister for the colonies.

The proposition which Spain will answer covers two points only, and its publication will be a revelation to some of those abroad who have been denouncing America's aggressive attitude. It is as follows: (1) Spain to proclaim immediately an armistice in Cuba to last until October, during which interval the United States will use its good offices with the insurgents to make this temporary peace permanent; and, (2) Spain to do her best toward relieving suffering and starvation on the island, with America to be allowed to assist in this work.

FOR PEACE.

Minister Woodford Working Energetically to Prevent War.

Madrid, March 31.—While the situation here is outwardly of the calmest description, the actual position of affairs is regarded as critical by both the United States legation and the Spanish government.

The United States minister, General Stewart L. Woodford, is working energetically and will continue to work energetically for Spain's peace until the first gun is fired. It is known the Spanish government admits the desir-

QUEEN REGENT OF SPAIN.

ability or necessity of complying with the demands of the United States and it is only in the disinclination of the ministers to put this willingness into concrete form that the danger lies. If a conference were to be held with British, German or French diplomats, the matter would be settled without question.

The point which General Woodford is now pressing is that in the interests of humanity hostilities in Cuba must cease immediately. No date was fixed either in the first or in the present note, but the United States is now dwelling upon the meaning of the word "immediately" and insisting that Spain accept its general interpretation. The public generally is taking little apparent interest in the situation, but there is a general disinclination to believe that war is likely.

Second Torpedo Squadron.

El Pais says four war ships have been obtained by Spain in France and that negotiations are pending for the purchase of several torpedo boats in Great Britain; that orders have been issued to mobilize all the Spanish warships and the torpedo boat Halcon is to sail immediately from Cartagena for Cadiz, where a second torpedo squadron is being prepared.

Military engineers according to El Pais are starting for the Canary islands and the Balearic islands are being fortified. The same paper says Italy has decided to sell the armored cruiser Giuseppe Garibaldi of 6,840 tons and well armored, a sister ship of the Varese to Spain and that two regiments are going to the Canary islands to strengthen the Spanish garrison there.

The Armstrong's Spanish Agent.

A Spaniard, who is in touch with the government and commercial people in Spain, has expressed the belief that unless the powers intercede there will be war. He added: "If the United States offered money for our clearing out of Cuba we could not accept, but if the proposition emanated from another power it is not unlikely that it would be accepted."

This view of the case is echoed by a portion of the Spanish press, which advises Spain to wash her hands of Cuba. Senor Ortiz de Sarate, a prominent former Carlist deputy, who has just been defeated at Vittoria, expresses the opinion that there would be no war, saying: "We have neither ships, sailors, soldiers, plans nor money, and the government knows it. It will struggle to the last and then cave in."

Senor Sarate, who was recently at Cadiz, says the Spanish warships Polayo and Carlos V, which the government announced ready for sea, cannot possibly be made ready sooner than in two months.

NITROGLYCERIN EXPLOSION.

Over Fifteen Hundred Quarts Exploded Near Findlay, O.

Findlay, O., March 31.—Two magazines, containing over 1,500 quarts of nitroglycerin, located about five miles from this city, exploded from some unknown cause. The terrible force of the explosion was felt for miles around, and in this city residents thought it was an earthquake and great excitement prevailed. At the scene of the explosion all that was left to tell the story was a large hole in the ground 35 feet deep. Much damage was done to farmhouses in the vicinity. So far as known no one was hurt. The magazines belonged to the Bradford Glycolin company.

RELEASED FROM ARREST.

Colonel Marcus Kavanaugh Restored to His Command.

Chicago, March 30.—Colonel Marcus Kavanaugh who was removed as commanding officer of the seventh I. N. G. by Governor John B. Tanner and placed under military arrest for parading on St. Patrick's day with organizations, not having the permission of Governor Tanner, was today reinstated. The order reinstating Colonel Kavanaugh is signed by Adjutant General Reece. It gives no explanation of the reinstatement, merely directing that Colonel Kavanaugh be released from arrest and that he resume his command.

OHIO LEGISLATURE.

Statehouse Improvement Bill Defeated in the House.

Columbus, March 31.—The house of representatives has defeated the statehouse improvement bill by a vote of 47 to 32. It was the memorial feature of the law which caused its death. It sought to make an appropriation of \$400,000, made by the last general assembly, available for the erection of a separate state building for minor state departments and the supreme court.

ATTENDED A REVIVAL.

Two Declared Insane and Two on the Verge of Insanity.

Hodgenville, Ky., March 31.—As a result of a series of sanctification meetings held recently in one of the rural churches of this county, William Cessna and Charles Friend are insane, and were so declared by the court and ordered sent to the asylum. Two other persons are said to be bordering on insanity, and it is very likely that they, too, will be adjudged insane. The meeting was conducted by a man and a woman, and for several weeks they kept the community in a fever of excitement.

Pensions Granted.

Washington, March 31.—Pensions have been granted the following Indians: Original—Emmett H. Waller, Madison, \$8; Terrance F. Burns, National Military home, \$6. Additional—William Duncan, Johnsonville, \$6 to \$10. Restoration and Reissue—John W. Krebsbach (deceased) New Albany, \$12. Increase—Andrew J. Carmein, Bristol, \$6 to \$8; Norman Weddle, Norman Station, \$17 to \$24; Joseph H. Reissue—John Johnson \$17. Original Widows, etc.—Margaret Matt, Seymour, \$12; Rosam, Catlin, Brownell, \$8; Margaretha Krebsbach, New Albany, \$8; Priscilla Sedgley, Columbia City, \$8.

License Revoked in Illinois.

Springfield, Ill., March 31.—The superintendent of insurance has revoked the license of the Lincoln Fire Insurance company of New York. The grounds for refusal are that the company has failed to comply with the requirements imposed by the state laws, in that it has not made a sworn statement to the insurance superintendent for the year ending Dec. 31, 1897. The company also has failed to specify in the statement rendered by it the stocks and bonds owned, with the amount, par value and market value of each kind, constituting a large part of the assets.

Mysterious Deaths.

Fulton, Ky., March 31.—John Dahnke, the 5-year-old son of Conrad Dahnke, a business man of this place, became suddenly ill and died yesterday. Shortly after his younger brother, Wayne, aged 3, was taken ill and died as suddenly as John did. Physicians do not know the cause.

Fanny Davenport's Illness.

Chicago, March 31.—Fanny Davenport, the actress, reached the crisis in her illness at noon yesterday and at once began to improve. Her physicians now believe she will soon be able to book a short season of four or five weeks.

WIRE WHISPERS.

A bill has been introduced in the senate authorizing the president to organize a regiment of cowboy rangers. The dam in the Illinois river has broken and thousands of acres of farmlands are inundated, causing great damage.

Captain Sigbee, who commanded the battleship Maine, has been assigned to duty as an aid to Secretary of the Navy Long.

BIG WAREHOUSE FIRE

Several Firemen Overcome at an Evansville Conflagration.

TOWN OVERRUN BY THIEVES.

Mysterious Assault on a Stock Buyer Near Taswell—Bucketshop Closed. Fatal Result of a Fight—Two Permanent Injunctions—Effect of High Water on the Wheat.

Evansville, Ind., March 31.—The large warehouse of A. Goeke & Sons was destroyed by fire last night. It was filled with hay, corn, wheat, bran, potatoes, etc. Their large grain elevator adjoining and filled with oats was badly damaged by smoke and water. Several firemen were overcome by smoke and two others were badly injured by falls. Loss on building and contents probably \$30,000.

MYSTERIOUS ASSAULT.

Young Stock Buyer Found Unconscious and Bathed in Blood.

Taswell, Ind., March 31.—The riderless horse of Henry Thomas, a stock buyer near here, appeared at his home. Immediately a search was begun for the missing man. Thomas was found on the roadside nearly dead, bathed in blood which was flowing from a cut in his neck. When sufficiently recovered to talk he refused to speak of his wounds, further than to say he would consult his lawyer. Robbery could not have been the motive, as a gold watch and \$400 in money were found on the unconscious man. The affair is a mystery.

ENDS IN MURDER.

Fatal Result of a Fight Between Three Young Men.

Huntington, Ind., March 31.—Martin Jordan, the young man injured in a fight with Thomas Crow and Noah Herzog a few days ago, is dead. Jordan was struck behind the right ear and was unconscious from the time of the fight until a few hours before his death. Mrs. Crow, mother of Thomas Crow, is prosecuted by her son's dead, and is not expected to recover.

Late Hannah Davis' Will.

Richmond, Ind., March 31.—The will of the late Mrs. Hannah E. Davis, who died at Grand Forks, N. D., was made public here yesterday. She left the proceeds of the sale of 80 acres of land to the Spiceland academy. To the Lowell Polytechnic Institute, of Lowell, Kas., she gives \$500, and the residue of the estate goes to the Michigan Humane Society.

Glassworkers Strike at Hartford City.

Hartford City, Ind., March 31.—The flatners in the window glass factory here received letters from headquarters at Pittsburg yesterday to go out. As a result of the shutdown 600 men are thrown out of work, unless President Burns, of the blowers' and gatherers' combination, can supply places from his union.

High Water and the Wheat Crop.

Mitchell, Ind., March 31.—Thousands of acres of wheat have been killed by the high water in White river bottoms. The damage in this respect is much greater than that of last spring's flood. This is due to the fact that the water has stood on the fields for 10 days, and is falling slowly.

Myers Receives the Appointment.

Indianapolis, March 31.—Governor Mount has appointed David A. Myers of Greensburg as judge of the Eighth circuit, composed of Decatur and Rush counties. A delegation from Greensburg, 40 or more strong, called upon the governor and urged the appointment.

Salt Water Instead of Oil.

Rochester, Ind., March 31.—The Rochester oil company employed B. F. Fulton, the oil and gas wizard of Portland, to locate a well a short distance south of this city. He guaranteed a good well or no pay. Yesterday the well filled with salt water.

Two Permanent Injunctions.

Indianapolis, March 31.—Next Saturday the state will get two permanent injunctions against the two large oil companies that have been wasting natural gas in Delaware and Madison counties. The companies will appeal to the supreme court of the United States.

Rev. Dr. W. P. Kane.

Warsaw, Ind., March 31.—Rev. Dr. W. P. Kane, a trustee of Wabash College has resigned the pastorate of the First Presbyterian church of Bloomington, Ill. It is said that he will have charge of the Winona Assembly, and will devote his entire time to forwarding the interest of that institution.

Bucketshop Closed.

Rochester, Ind., March 31.—The last of the Chicago bucketshops, which opened in this part of the state during the wheat flurry, has closed its doors. Rochester citizens lost over \$2,000 in the past few weeks.

Indiana Postmasters.

Washington, March 31.—Indiana postmasters have been appointed as follows: Alamo, Linn Smith; Farnsworth, A. R. Ladson; Organ Spring, Henry W. Roberts.

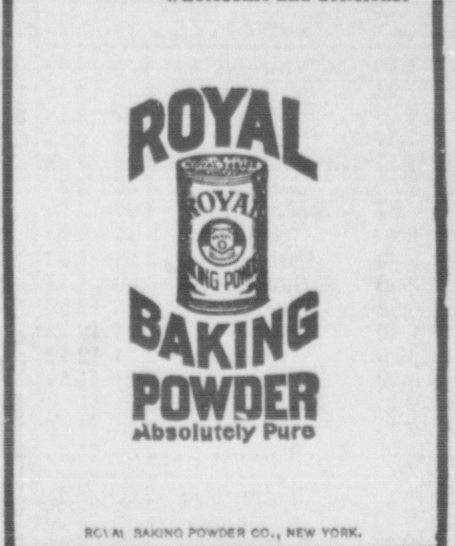

Editor Monroe Seriously Ill.

Seymour, Ind., March 31.—Dr. V. H. Monroe, editor of The Journal of this city is very ill at his home with typhoid pneumonia.

Well Known Odd Fellow Dead.

Farmland, Ind., March 31.—Pernan Davison, 64 years old, a well known odd fellow and member of the G. A. R., is dead.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

RAGING OHIO.

Disastrous Floods Expected at Cincinnati From Headwaters.

Cincinnati, March 31.—The prospect for a higher stage here in the Ohio river is now almost an appalling certainty. The river began rising at Catlettsburg yesterday. An unusually heavy rain exceeding two inches at several places at the headwaters of the Monongahela have run that stream up suddenly so that a rise of seven feet is recorded at Pittsburg and a stage of 20 feet is expected. To add to the danger here where the river is over 58 feet, there has also been a rise of 6.1 feet at Charleston, W. Va., in the Kanawha. With heavy rises from New and Elk river meeting the Monongahela flood it is difficult to see how a disastrous flood can fail to reach Cincinnati within a week.

On the Wabash.

Princeton, Ind., March 31.—The water continues to rise in Wabash and White rivers. The Louisville, Evansville and St. Louis railroad will lose at least three miles of track. The road will apparently not be able to run trains for a week. The Evansville and Terre Haute only run to points south of Vincennes. The Baltimore and Ohio Southwestern is almost completely shut out.

BREEDERS AND DEALERS.

Horsemen Organize a National Association at Chicago.

Chicago, March 31.—Horsemen from all parts of the country met at the Palmer House yesterday and organized the National Horse Breeders' and Dealers' Exhibition association. The purpose of the new organization will be to develop the draft and coach horse breeding interests of the country and bring in closer touch with each other the breeders and dealers of the United States.

Weather.

Indiana and Ohio—Fair.

Hasty judgment of the actions of others is dangerous and often unjust. We measure too much by some superficial appearance and condemn hastily, when, if we but knew and understood the motives and reasons, we would warmly approve. We sometimes say of some one, "That pain, sorrow or loss has not deeply affected him." But we do not know. It is like the death of a few of the soldiers in front of a regiment. The broken ranks close up again into the solid phalanx, and the loss is not apparent. There may be no disorganization, no surrender, no craving for pity, no display of despair. It is like the calm, dazzling play of the waves warmed by the morning's sun after a night of storm and disaster. There is no sign of the wreck. The tide has carried the debris away far out on the ocean; the treacherous water has swallowed all signs and tokens of the night's awful work. We see only the fairness of the morning, not the suffering of the night. Let us be charitable in our judgment and condemn not when we do not know. —William George Jordan in Ladies' Home Journal

Baby Miné!

Every mother feels an indescribable dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger of the ordeal make its anticipation one of misery.

MOTHER'S FRIEND

is the remedy which relieves women of the great pain and suffering incident to maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is removed by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are avoided, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of **Mother's Friend**. It is a blessing to woman.

Furnishing the Home.

"There is no idea more wantonly

erroneous than that it requires a liberal

expenditure of money to have a com-

fortable and artistic home," writes

Edward W. Bok in the April Ladies'

Home Journal. "The very essence of

elegance lies in simplicity. It is not

art to make a parlor the duplicate of

an exhibition room in a furniture store.

That simply calls for an outlay of money

and a failure to exercise taste. There

is no tone to such a room—no air of

repose, no comfort, no individuality. It

speaks for what it is, an exhibition.

True art in furnishing is found in allow-

ing a home to slowly develop under

the tastes of those who live in it—the

adoption of an idea here, another there.

The development of taste requires time

and cultivation. No house worth living

in can be complete at one time. A

home of comfort unfolds itself, so to

peak, and unfolds slowly. True im-

provement comes in this way, and only

in this way. Young married people

cannot bear this fact in mind too

strongly when furnishing their homes."

SUSTAINING THE PRESIDENT.

The Indianapolis News yesterday evening contained a very sensible editorial on the duty of the country to stand by President McKinley in his endeavor to secure a peaceable solution, if possible, to the Cuban trouble. Nothing is to be gained by war if we can win our ends peaceably and honorably. In discussing the subject the News says:

"Certainly it is to be hoped that a peaceful solution of the Cuban question may be found. As long as the President says that he has hope, his hands should be sustained. So far he has conducted the ship of state through the tortuous and devious ways of the last few weeks with superb wisdom. He has been giving his days and nights to the task with a full sense of the vast responsibility resting upon his shoulders. No one can, or should, doubt that the honor of our country is safe in his hands. If our just claims, if the demands of humanity can not be had except by war, we know that the president will not shrink from that last stern resort. But until he declares that the resources of diplomacy have failed, and recommends aggressive action, it seems to us the wiser course for congress to refrain from war-like declarations.

"There is no doubt of the feeling and the temper of the people. Their sympathies have been with the Cubans in their struggle for independence from the start. They have no respect for Spanish methods; they have, rather, instinctive hatred of the Spanish name and tyranny. Their is no danger their ardor will cool; but they have no desire for war if the Cuban cause can be established without war. The president has managed with great wisdom so far, we repeat; and congress has shown great wisdom in trusting to him. Let their trust be continued still; let there be no stampede now. If no way opens but by war, we can not doubt that Mr. McKinley will lead that way as soon as he is convinced that all hopes of a solution by peaceful methods, with honor, is vain."

TWO KILLED.

Headend Freight Collision Near Adairsville, Ga.

Adairsville, Ga., March 31.—Two men killed and two fatally injured is the result of a headend collision between two Western and Atlantic freight trains near here. In addition to the casualties 20 cars were smashed beyond repair. The dead are Charles F. Elliot, engineer; Virgil Rhodes, fireman. Fatally injured, D. W. McDade, engineer, and Fireman Elliot. All are residents of Atlanta.

Chicago on St. Louis.

"It's hard to die so young," said the turkey, "but I'm thankful for one thing anyway."

"What's that?" asked the oyster. "I'm not to be served in St. Louis," replied the turkey, "so I'll not be eaten with a knife."—Chicago News.

Stained Glass Portraits.

Stained glass portraits are a favorite fad with women who can afford them. The queen of Italy has a beautiful stained glass portrait of herself, and it is said that Alma-Tadema is now making use of the same medium in a picture of the young Duchess of Marlborough.

They Walked.

"A Boston man and myself," says a Chicago newspaper man, "were once the guests of a Kentucky family. The staple articles of diet there are corn dodgers, baked in the ashes of the open fireplace, and bacon. Butter is practically unknown. It is not a grazing section. Our hostess, with evident pride, brought out for our delectation on the occasion referred to a small piece of butter. It had been bought months before in a far-away city and was quite superannuated and very self assertive. Both of us shied. The Boston man, forgetting the fate of Ananias, said he 'never used butter,' and I echoed his statement. The good woman evidently was disappointed. Pointing to a platter of bacon swimming in grease, she said, 'I allow you 'uns will oblige me, then, by wallowing yer dodgers in the dope.' We immediately 'walked'."

Warning pans containing perfume are now used to heat the beds of guests at English country houses.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or drab finish cabinet photos (by some called carbonates) at \$2.00 to \$2.50 per dozen and guaranteed them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printout paper, and tone in the same kind of gold and silver-platinum baths. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet gloss cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

MARRIED.

Dr. L. M. Meins, jr., and Miss Etta Hall were united in marriage at 5 o'clock Wednesday evening March 30 1898, at the home of the bride's father Joseph Hall, of Azalia, Rev. Willis Bond of the Friends church officiating. The bride wore white liberty silk over white satin, her only ornament being a diamond and pearl brooch, a present from the groom. She carried white carnations and bride's roses. The groom is a son of Dr. L. M. Meins, sr., with whom he is associated in the dental business and by a thorough education in that profession and close attention to business has placed him in the front rank with the best young dentists of the country. The bride is one of the most popular young ladies of Azalia and she is held in high esteem by all. After the ceremony, supper was served after which the bride and groom came to Seymour where they will make their future home. They will be at home to their many friends on and after Monday April 4, 1898.

Latest Styles.

Mrs. N. E. Young has just returned from Cincinnati where she has been investigating the latest styles and purchasing some of the finest millinery goods experience and money can obtain. She has been to Indianapolis and Louisville also and has culled from the newest designs most beautifying effects in the blending of colors, matching ribbons, flowers, etc., and getting latest styles patronized in those three cities. She has been in search of one of the best trimmers that money could hire, and has found one in Cincinnati. She says that her trimmer is first class in every respect, having had large and long experience in trimming in the most fashionable circles in Cincinnati. Mrs. Young will have her millinery opening the latter part of next week. Watch the columns of the REPUBLICAN for notice.

THE SOUTHERN INDIANA.

Improved Train Service to Be Put on Next Monday.

Next Monday the Southern Indiana road will begin to run trains through to Greensburg. This plan has long talked of and our citizens will be glad to know that it is now to be put in operation. The conductors have been examined by the Big Four company and passed the examination successfully for service on their tracks, and they have moved their families to Greensburg. The service will begin next Monday with trains running from Greensburg through to Elora and return. It is probable that at the same time a train will be put on between Washington and Seymour, leaving Washington in the morning, arriving here in the forenoon and returning afternoon. These will be quite important additions to the train service of this road. Other improvements are being considered which will make this line yet more important as a line for travel and shipping.

Series "N."

The Co-operative Building and Loan Association will start a series "N" of its stock next Monday night at its office in the Opera House block. The modern methods of conducting real estate operations have made it possible for every man to own his own home with a very little outlay of cash to start with. By taking stock in some reliable building association such as the Co-operative, he can borrow the money and by easy payments that amount to very little more than the rent he would otherwise pay, he can pay the principal of the loan and at the end of a not very long term of years he has his home fully paid for. The Co-operative has already shown its ability to handle carefully all the money invested with it and has already enabled many of our citizens to become property holders. It offers the same opportunity to you if you are not already owning property or if you wish to own more than at present. See W. F. Peter, secretary, at once and secure stock in series "N."

Best of All

To cleanse the system in a gentle and truly beneficial manner, when the springtime comes use the true and perfect remedy, Syrup of Figs. Buy the genuine. Manufactured by the California Fig Syrup Co. only and for sale at all druggists, 50c per bottle.

Under the Mistletoe

Isn't the only essential element in winning "Her" favors—a good impression goes a great way, and how much easier it is to create a good impression if you know that you are well dressed. If we make your suit for you, you will never have occasion to feel awkward and uncomfortable.

Riehm, The Tailor

Suppose you were ready to paint your house, Suppose some one would say "Economy Mixed Paint" is good. Suppose some one would say "Economy Mixed Paint" is no good. Would you not feel interested in having this question decided on its merit and know positively who is right and who is wrong. We have sold Economy Paint for the last twenty years in large quantities in the city and in the country.

Experience is the Best Teacher.

You will find any number of your acquaintances who will endorse it. You will hear just what we say, that it gives entire satisfaction. It is not expensive, is handy because it is ready mixed in any shade, in any quantity having a covering capacity and finish superior to any in the market. There may be instances where no paint will do well and is due to certain conditions of unfavorable painting but where Economy is properly applied and directions complied with we will guarantee good results. You can safely buy this Paint and get value received.
